Re: Ex Parte Presentation Notice: WT Docket Nos. 05-211 and 06-150

Dear Ms. Dortch:

On March 4, 2009, George Laub, Managing Director of Council Tree Communications, Inc. ("Council Tree"), Dennis P. Corbett and the undersigned of Lerman Senter PLLC, met in two separate meetings with Rick Chessen, Acting Chief of Staff for the Office of Chairman Michael J. Copps and Renee Crittendon, Legal Advisor to Commissioner Jonathan Adelstein, respectively. Also joining both meetings was Joseph Palmore, Deputy General Counsel, for the Office of General Counsel.

The policy, legal and technical issues related to the FCC's designated entity ("DE") Rules, and DE performance in Auctions 66 and 73 discussed during these meetings are consistent with Council Tree's filings on the record and its litigation in the U.S. Courts of Appeals for the Third and District of Columbia Circuits. Council Tree also discussed the opportunities for small, minority and women owned businesses embodied in the FCC's implementation of a national broadband strategy.

Please contact the undersigned if you have questions or comments.

Sincerely,

A handwritten signature in blue ink that reads 'S. Jenell Trigg'. The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

S. Jenell Trigg
Counsel to Council Tree Communications, Inc.

cc: Rick Chessen
